

Alabastron

General: Alabastron is porcelain stoneware of extraordinary quality, reproducing the beauty of natural filled travertine. Using the latest roller-technology and 64 different prints, this stunning material is perfect for those who require the appearance of light natural stone, without the sealing and continued maintenance issues of travertine.

Applications: Commercial & residential in & out doors, including foyers, boutiques, galleries, living areas, kitchens, bathrooms, floors and walls (with lamination and various edge detail finishes being achieved)
