

Buxy Flamme'

General: Buxy Flamme' is porcelain stoneware of extraordinary natural features. The main characteristic is the faithful reproduction of a calcareous stone, that has undergone the flaming process. This result is obtained by the use of coloured salts, which penetrate into the tile body, then heat blasting the unsettled surface to settle the pattern, before final furnacing. Create the upmost in both classical and modern interiors, with the naturalness and beauty of Buxy Flamme'.

Applications: Commercial & residential in & out doors, including foyers, boutiques, galleries, living areas, balconies, patios, kitchens, bathrooms, walls and step treads (with lamination and various edge detail finishes being achieved)

Origin:	Italy
Colours:	Cendre Flamme' (grey mottle rock)
Sizes:	594 x 1190 mm 594 x 594 mm
Thickness:	14mm
Finishes:	Natural surface finish (in & outdoors) Lux surface finish (indoors only)
Type:	Fully vitrified with chromatic surface glazing
Appearance:	Natural rock shading, with a flammed surface feel
Production:	Double-pressed, rectified edges
Technical:	Water Absorption less than 0.05% Frost Resistant (-35C) Scratch Resistant Surface Hardness – Natural MOHS 8 (of 10) – Lux MOHS 8 (of 10) Stain Resistant Breaking Strength EN 550Kg/cm2 Grade (PEI) 5 – All Residential, All Commercial Fire Retardant
Slip Resistance:	Natural - (DIN 51130) R12 Lux - (DIN 51130) R10
Guarantee:	20 Years – for domestic & commercial applications
