

# Ivorystone

**General:** Ivorystone was created to offer the utmost in elegance, both in renovation projects and in residential and public buildings. A light attractive colour with the right amount of variation in each tile brings together all the loveliest Crema Marfil shades. This series combines the beauty of marble with the convenience of glazed porcelain.

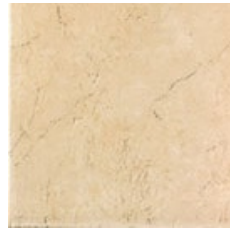

**Applications:** Commercial indoors & residential in & out doors, including showrooms, galleries, boutiques, living areas, balconies, patios, kitchens and bathrooms.

**Lucidata**

**Satinata**

**Anticata**
