

# Kerlite Plus - Geoquartz

**General:** Geoquartz recalls the beauty of sandstone and its rich content of quartz. This new addition to the Kerlite family is decorated using the latest in inkjet technology to offer slabs that are uniquely different and feature incomparable effects.

Geoquartz has an R11 sliprating, a sand-blasted, matt surface and is produced in large sizes ideal for a wide range of applications including wall facades.

**Applications:** Commercial & residential indoor floors, including boats, buildings, foyers, boutiques, galleries, living areas, kitchens and bathrooms, plus all wall applications, splashbacks, bench tops, wall facades, lift cars and external walls (inclusive of wall cladding)
