

Over 14

General: The Over series creates modern environments that are sophisticated, contemporary and elegant. This series is also available in Kerlite Plus slabs up to 1x3 mt, so beautiful large wall environments can be co-ordinated with Over floors. Recreating the look of concrete, this product and its 3.5mm Kerlite brother are true innovations in building design.

Applications: Commercial & residential indoor & outdoor floors, including buildings, foyers, boutiques, galleries, living areas, kitchens and bathrooms, plus all wall applications.
