HARD SURFACE SOLUTIONS

New Feature

Natural

As the name suggests 'Natural' is a stunning porcelain reproduction of slate stone, including the subtle mixing of colours throughout each tile and the authentic surface feel.

The richness of this material cannot be compromised due to the technical qualities achieved in producing this high quality stoneware tile.

Application ideas include commercial & residential in and out doors, including foyers, shopping centres, public areas, courtyards, living areas, patios, walls inside & out, building facades, step treads and pool surrounds, (with lamination and various edge detail finishes being achieved)

New Feature

Romanica

As the name suggests, the timeless colours and shades of ancient Rome have been recreated in full body porcelain for modern and contemporary times.

Using both finishes allows for the merging of indoors with outdoors for a seamless look.

Romanica is available in 4 colours and two surface finishes (Indoor & Outdoor R12) this porcelain series is suitable for commercial & residential in and out doors, including pedestrian walkways, foyers, food courts, shopping centres, courtyards, step treads and pool surrounds. Lamination and various edge detail finishes can also be achieved.

New Feature

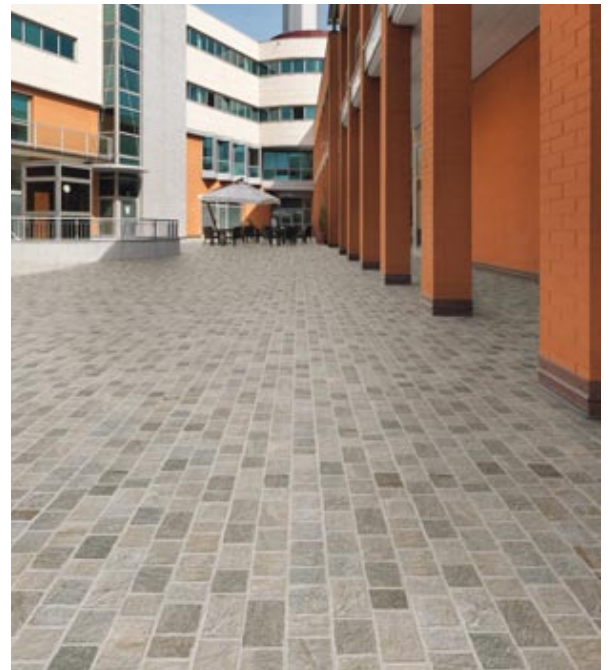

Model Pavé

Pavé porcelain panels perfectly reproduce the look of natural cobblestone paving.

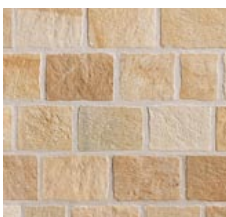

With high quality technical characteristics, including an R12 slip rating, it is the ideal product to be used for external flooring in residential and commercial environments and all other places natural stone may be unsuitable.

UV & frost resistant, Pavé maintains its appearance over time, is easy to lay & clean, and does not require sealing or on-going maintenance.

Application ideas include commercial & residential outdoor floors, including public spaces, pedestrian areas, sidewalks, shopping centres, courtyards, balconies, swimming pool surrounds and driveways.
