

# Urban Life

**General:** Urban Life is a nature-inspired collection of body textured porcelain slabs, in 4 different colour schemes, 3 surface finishes and 4 modular sizes. Created by forging and extruding hardening ceramic matter with slow cooking temperatures up 1,250 degrees Celsius, this resistant material can be used as both tile and paver.

**Applications:** Commercial & residential in and out doors, including foyers, shopping centres, public areas, cafes, courtyards, drive ways, pool surrounds and patios. There are also skirting and step treads pieces available.

**Special Note:** Urban Life is sold based on the configuration of actual M2 area to be covered - allowing for the recommended 5-7mm grout joint.
