

Ville D'Italia

General: Ville d'Italia reproduces the noble floors of the most beautiful Italian villas of the nineteenth century. Pleasantly bush-hammered, this series gives incomparable charm to both classical or modern interior design solutions. Ricasoli is characterised by bright garnet red tones that shade delicately into lighter hues of orange, and Antinori emulates the light natural colours of sienna cotto.

Applications: Commercial & residential in doors, including foyers, boutiques, galleries, living areas, kitchens, bathrooms, floors and walls (with lamination and various edge detail finishes being achieved)
