

# PRISM - Wall Tiles & Decors

**General:** PRISM is inspired by hand trowelled resin, creating colour depth and graphic detail in 13 original hues, evoking Italian culture in a contemporary manner. These wall tiles recreate three-dimensional effects with uneven colour with harmonious graphics - stunning in both ambience and design.

**Applications:** Wall coverings include tiles, decors and mosaics, and are perfect for bathrooms, living areas, retail and hospitality spaces. Suitable for residential and commercial environments, in indoor - with porcelain flooring and outdoor proposals to match.
