

PRISM

General: PRISM is inspired by hand trowelled resin, creating colour depth and graphic detail in 13 original hues, evoking Italian culture in a contemporary manner. Both floor & wall tiles recreate three-dimensional effects with uneven colour with harmonious graphics - stunning in both ambience and design.

Applications: From wall and floor coverings to furnishing elements, including bathroom vanities, retail counters and table tops. Suitable for residential and commercial environments, with both indoor and outdoor applications available.

Origin:	Italy
