

LOOK BACK

General: In contrast to the perfect finishes, hi-gloss and super shiny metallic, Look Back Collection welcomes deconstructed luxe in the shape of a subtle metallic design with a lappato finish. This collection aesthetic combines a relaxed pattern with a nod to industrialism on its edges. Available as a 7mm porcelain in three fascinating tones – green, black and white –, this collection completes itself with a variety of special pieces that will create the most arousing feature walls. The amazing polish technology allows this lappato finish to achieve an R10 and P3 pendulum rating.

Applications: Suitable for all retail interiors, industrial design fit outs, modern homes, commercial spaces and hospitality projects.
