

YOSEMITE

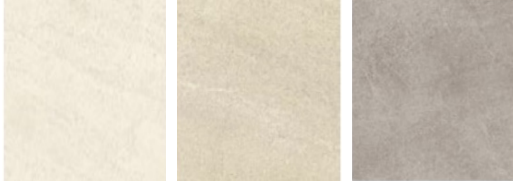

General: Yosemite is a collection that originates from stone making us feel at home. These porcelain proposals are made up of a careful selection of limestone slabs whose mineral essence is imbued with this profound natural quality and conveyed through its beautiful shades and veining. Yosemite has a distinct and elegant personality that makes it suitable for projects in both modern and rustic styles.

Applications: Commercial & residential floors and walls including all applications indoors and out including steep treated and pool surrounds with laminations and edge detailing.
