

ARKISTONE

General: Arkiston is the rediscovery of 3 modern limestone proposals combined in an original manner to create elegant surfaces with a homogeneous look and delicate opalescent veins. These porcelain stoneware floors and walls rely on a refined palette, composed of 5 neutral colours, and on the versatility of 5 sizes, amongst which the largest is 1200 x 2400 mm slabs.

Applications: Commercial & residential floors and walls including all applications indoors and out (with lamination and mitred edge details being achieved).

Origin: Italy

Colours: Ivory | Light | Greige | Silver | Dark

Sizes:

| | |
|--------------------|----------------------|
| 1200 x 2400 x 9mm | Natural |
| 1200 x 1200 x 9mm | Natural |
