

# Stone Quartz

**General:** Stonequartz is porcelain stoneware inspired by quartzite, recapturing the typical texture of this stone in four colours. Available in one finish; Fiammata, characterised by the typical roughness of flamed stone, especially designed for exterior environments. Stonequartz is also available in two thicknesses: 14mm and special 20mm in Fiammata surface - perfect for coordination between indoors & outdoors.

**Applications:** Commercial & residential in and out doors, including foyers, shopping centres, courtyards, living areas, patios, bathrooms, walls inside & out, step treads and pool surrounds (with lamination and various edge detail finishes being achieved)
